Hawaiian Telcom, Inc.

Petition for Declaratory Ruling

Grant of Authority

Date of Action: 09/15/2010

Hawaiian Telcom, Inc. (HTI or "Petitioner") requests a declaratory ruling under section 310(b)(4) of the Communications Act of 1934, as amended, that it would serve the public interest to allow up to 100 percent indirect foreign ownership of HTI. HTI holds common carrier licenses in the fixed point-to point microwave, rural radiotelephone, basic exchange telephone radio and local television transmission services. Petitioner seeks this ruling in connection with applications for HTI, Hawaiian Telcom Services Company, Inc. (HT Services), a sister company, and their parents to emerge from bankruptcy. See WC Docket No. 10-41.

HTI, a Hawaii corporation, is wholly owned by Hawaiian Telcom Communications, Inc. (HTC), a Delaware corporation, which is in turn wholly owned by Hawaiian Telcom Holdco, Inc. (Holdco), a Delaware corporation. Carlyle Partners III Hawaii, L.P., CP III Coinvestment, L.P., and Carlyle Hawaii Partners, L.P. (The Carlyle Group), a private equity firm, together with Carlyle Partners III-UST Hawaii, L.P., own 100 percent of Holdco.

On December 1, 2008, HTI, HT Services, HTC and Holdco filed voluntary petitions for relief under Chapter 11 of the U.S. Bankruptcy Code. On December 30, 2009, the Bankruptcy Court issued an order approving a Plan of Reorganization. Hawaiian Telcom Communications, Inc. et al., Ch. 11, Case No. 08-02005, Order Confirming the Joint Chapter 11 Plan of Reorganization of Hawaiian Telcom Communications, Inc. and its Debtor Affiliates (Bankr. D. Haw. Dec. 30, 2009).

Petitioner states that, under the Plan of Reorganization, the Holdco common stock held by Holdco's current owners will be cancelled, and new Holdco common stock will be issued to the Senior Secured Parties of HTC, subject to dilution in accordance with the terms of the Plan of Reorganization. According to Applicants, the Senior Secured Parties consist of U.S. and foreign-organized banks, mutual funds, collateralized loan obligations, hedge funds, and similar institutions and funds. Petitioner further states that no single entity or group of affiliated entities will hold ten percent or more of the new Holdco common stock and that no person or entity will exercise control. The new Holdco common stock will be publicly traded and, for at least two years, will be subject to restrictions preventing a person that controls 4.75 percent or more of the stock from acquiring any additional shares without prior approval from the Holdco Board of Directors.

Petitioner anticipates that at the completion of the reorganization, 46.499% of the interests of Holdco will be held by banks, insurance companies, pension plans, foundations/endowments, private equity funds or management investment companies that are organized and have their principal places of business in the United States. Petitioner further anticipates that 45.742% of the interests in Holdco will be held by banks, insurance companies, pension plans, foundations/endowments, private equity funds or management investment companies that are organized or have their principal places of business in the following World Trade Organization (WTO) Member countries: Australia, Belgium, Bermuda, British Virgin Islands, Canada, Cayman Islands, Denmark, France, Guernsey, Ireland, Italy, Japan, Jersey, Luxembourg, Netherlands, Norway, Singapore, Switzerland and the United Kingdom. Finally, Petitioner anticipates that 7.759% of the interests in Holdco will be held by entities from non-WTO Member countries (0.005% from the Bahamas) or by entities for which the citizenship is unknown (7.754%).

Pursuant to the rules and policies established in the Commission's Foreign Participation Order, 12 FCC Rcd 23891 (1997), Order on Reconsideration, 15 FCC Rcd 18158 (2000), we find that the indirect foreign ownership of HTI in excess of the 25 percent benchmark in section 310(b)(4) is consistent with the public interest. Specifically, this ruling allows up to 100 percent indirect foreign ownership of HTI as a result of foreign equity and/or voting interests held directly or indirectly in its controlling U.S. parent, Hawaiian Telcom Holdco, Inc. (Holdco), subject to the following conditions: (1) HTI shall obtain prior Commission approval before any foreign individual or entity acquires a direct or indirect equity and/or voting interest in Holdco in excess of 25 percent; and (2) HTI shall obtain prior Commission approval before Holdco's direct or indirect equity and/or voting interests from non-WTO Member countries (including interests from unknown countries) exceeds 25 percent.

This authorization is without prejudice to the Commission's action in any other related pending proceedings.

CONDITIONS APPLICABLE TO INTERNATIONAL SECTION 214 AUTHORIZATIONS

(1) These authorizations are subject to the Exclusion List for International Section 214 Authorizations, which identifies restrictions on providing service to particular countries or using particular facilities. The most recent Exclusion List is attached to this Public Notice. The list applies to all U.S. international carriers, including those that have previously received global or limited global Section 214 authority, whether by Public Notice or specific written order. Carriers are advised that the attached Exclusion List is subject to amendment at any time pursuant to the procedures set forth in Streamlining the International Section 214 Authorization Process and Tariff Requirements, IB Docket No. 95-118, 11 FCC Rcd 12884 (1996), para. 18. A copy of the current Exclusion List will be maintained in the FCC Reference and Information Center and will be available at <http://www.fcc.gov/ib/pd/pf/telecomrules.html#exclusionlist>. It also will be attached to each Public Notice that grants international Section 214 authority.

(2) The export of telecommunications services and related payments to countries that are subject to economic sanctions may be restricted. For information concerning current restrictions, call the Office of Foreign Assets Control, U.S. Department of the Treasury, (202) 622-2520.

(3) Carriers shall comply with the requirements of Section 63.11 of the Commission's rules, which requires notification by, and in certain circumstances prior notification by, U.S. carriers acquiring an affiliation with foreign carriers. A carrier that acquires an affiliation with a foreign carrier will be subject to possible reclassification as a dominant carrier on an affiliated route pursuant to the provisions of Section 63.10 of the rules.

(4) Carriers shall comply with the Commission's International Settlements Policy and associated filing requirements contained in Sections 43.51, 64.1001 and 64.1002 of the Commission's Rules, 47 C.F.R. §§ 43.51, 64.1001, 64.1002. The Commission modified these requirements most recently in International Settlements Policy Reform: International Settlement Rates, First Report and Order, FCC 04-53, 19 FCC Rcd 5709 (2004). In addition, any carrier interconnecting private lines to the U.S. public switched network at its switch, including any switch in which the carrier obtains capacity either through lease or otherwise, shall file annually with the Chief, International Bureau, a certified statement containing, on a country-specific basis, the number and type (e.g., 64 kbps circuits) of private lines interconnected in such manner. The Commission will treat the country of origin information as confidential. Carriers need not file their contracts for interconnection unless the Commission specifically requests. Carriers shall file their annual report on February 1 (covering international private lines interconnected during the preceding January 1 to December 31 period) of each year. International private lines to countries which the Commission has exempted from the International Settlements Policy at any time during a particular reporting period are exempt from this requirement. See 47 C.F.R. § 43.51(d). The Commission's list of U.S. international routes that are exempt from the International Settlements Policy may be viewed at http://www.fcc.gov/ib/pd/pf/isp_exempt.html.

(5) Carriers authorized to provide private line service either on a facilities or resale basis are limited to the provision of such private line service only between the United States and those foreign points covered by their referenced applications for Section 214 authority. A carrier may provide switched services over its authorized resold private lines in the circumstances specified in Section 63.23(d) of the rules, 47 C.F.R. § 63.23(d).

(6) A carrier may engage in "switched hubbing" to countries that do not appear on the Commission's list of U.S. international routes that are exempt from the International Settlements Policy, set forth in Section 64.1002, 47 C.F.R. § 64.1002, provided the carrier complies with the requirements of Section 63.17(b) of the rules, 47 C.F.R. § 63.17(b). The Commission's list of U.S. international routes that are exempt from the International Settlements Policy may be viewed at http://www.fcc.gov/ib/pd/pf/isp_exempt.html.

(7) Carriers shall comply with the "No Special Concessions" rule, Section 63.14, 47 C.F.R. § 63.14.

(8) Carriers regulated as dominant for the provision of a particular communications service on a particular route for any reason other than a foreign carrier affiliation under Section 63.10 of the rules shall file tariffs pursuant to Section 203 of the Communications Act, as amended, 47 U.S.C. § 203, and Part 61 of the Commission's Rules, 47 C.F.R. Part 61. Carriers shall not otherwise file tariffs except as permitted by Section 61.19 of the rules, 47 C.F.R. § 61.19. Except as specified in Section 20.15 with respect to commercial mobile radio service providers, carriers regulated as non-dominant, as defined in Section 61.3, and providing detariffed international services pursuant to Section 61.19, must comply with all applicable public disclosure and maintenance of information requirements in Sections 42.10 and 42.11.

(9) Carriers shall file the annual reports of overseas telecommunications traffic required by Section 43.61(a). Carriers shall also file the quarterly reports required by Section 43.61 in the circumstances specified in paragraphs (b) and (c) of

that Section.

(10) Carriers shall file annual reports of circuit status and/or circuit additions in accordance with the requirements set forth in Rules for Filing of International Circuit Status Reports, CC Docket No. 93-157, Report and Order, 10 FCC Rcd 8605 (1995). See 47 C.F.R. § 43.82. See also §§ 63.22(e), 63.23(e). These requirements apply to facilities-based carriers and private line resellers, respectively. See also <http://www.fcc.gov/ib/pd/pf/csmanual.html>.

(11) Carriers should consult Section 63.19 of the rules when contemplating a discontinuance, reduction or impairment of service. Further, the grant of these applications shall not be construed to include authorization for the transmission of money in connection with the services the applicants have been given authority to provide. The transmission of money is not considered to be a common carrier service.

(12) If any carrier is reselling service obtained pursuant to a contract with another carrier, the services obtained by contract shall be made generally available by the underlying carrier to similarly situated customers at the same terms, conditions and rates. 47 U.S.C. § 203.

(13) To the extent the applicant is, or is affiliated with, an incumbent independent local exchange carrier, as those terms are defined in Section 64.1902 of the rules, it shall provide the authorized services in compliance with the requirements of Section 64.1903.

(14) Except as otherwise ordered by the Commission, a carrier authorized here to provide facilities-based service that (i) is classified as dominant under Section 63.10 of the rules for the provision of such service on a particular route and (ii) is affiliated with a carrier that collects settlement payments for terminating U.S. international switched traffic at the foreign end of that route may not provide facilities-based switched service on that route unless the current rates the affiliate charges U.S. international carriers to terminate traffic are at or below the Commission's relevant benchmark adopted in International Settlement Rates, IB Docket No. 96-261, Report and Order, 12 FCC Rcd 19806 (1997). See also Report and Order on Reconsideration and Order Lifting Stay in IB Docket No. 96-261, FCC 99-124 (rel. June 11, 1999).
